

FOOD IS OUR PASSION

March 25, 2010

To whom it may concern:

I am writing this as a reference for MCDFC. Sidekim Foods is a provider of Healthier, Nutritious and wholesome meals for school, senior and childcare nutrition programs.

Sidekim Foods started in February 2008 and has appreciated 300% growth, as a result additional funding was required for capitol improvements, equipment purchases and working capitol. Regardless of a proven track record of growth and signed contracts Sidekim Foods was unable to secure funding through traditional banking.

I was introduced to Robert Rosen, Senior Loan Officer, with MCDFC. Within a short period Sidekim Foods was able to secure and close on a permanent working capitol loan. Without the assistance of MCDFC and Robert Rosen Sidekim Foods, would not have been able to maintain it growth pattern.

Sincerely,

Peter E. Mikedis

President
